

# CSCI 200

## Spring 2024

### Lab 1

#### Introduction:

This lab exercises your ability to:

- Use an editor to create and edit a Web page of your own design.
- Submit a Web page to a D2L Assignment dropbox.

#### Lab Assignment:

1. In the Windows search box, search for, then open, “Software Center”
  - a. Download notepad++
  - b. Open notepad++
2. Open the File Explorer, then open the Webspaces folder.
3. In the Webspaces folder, create a new file, `index.html`.
4. Use notepad++ to edit the `index.html` file for the remainder of this assignment.
5. Perform Exercise 2.1 – 2.6 from the Reed textbook
6. Submit to the D2L Assignment Lab1 dropbox, the URL for your Webpage and a copy of the HTML source code
